

## PM inaugurates the largest Mini Grid implemented by Rahimafrooz Solar

We are delighted to let you know that Honorable Prime Minister Sheikh Hasina has inaugurated the 650KWp (400KW) Mini Grid in Sashhai Bazar of Sulla Upazila in Sunamganj District on Sunday, 10<sup>th</sup> Dec. '17, through video conferencing. It is the largest Solar mini grid project in the country and one of the largest Solar mini grid in the world. Rahimafrooz Solar was the turnkey EPC contractor for the project.

The project is providing power to the marginalized rural population of the remote haor areas in Sunamganj District covering around 1000 households providing Grid quality electricity from Solar Power. The project has installed capacity of 650KWP which will support 400KW of load through 6Km distribution grid covering 6 villages of that location. The project is highly appreciated by the Honorable Prime Minister considering the technology and the expected long term impact of the project that will change the livelihood of this marginalized community.

From Rahimafrooz Solar, we are delighted to be the key part of this esteemed project. We are looking forward to more such projects adding value to all the stakeholders' inshallah.
